Name That Emotion! Joseph H. De Roma IV's emotional expression crowding study

Programming notes

<2014.4.23>

Need to check

- ~~Images displayed with proper undistorted dimensions?~~
- ~~Find good size for images~~
- ~~Check randomization of trials~~
- ~~Check that data files record properly~~
- ~~Check that other keyboard works~~
- ~~Setup chinrest and guidelines of tape: Joseph~~
- Submit IRB: ADC
- ~~Remove start key from keyboard and from code: ADC~~

Then Joseph runs self as pilot participant

- Make practice trials
- Write code to record every response
- Code to stop moving images after they reach fixation
- Make expt. easier: images bigger
