

Customizing startup and shutdown using an Rprofile.site file

<2014.3.10>

On windows, using the default R gui.

[Complete text of ADC's Rprofile.site file on Windows](#)

Note: here's info saying that the standard R functions for history won't work using native Mac OSX R.App:

<http://cran.r-project.org/bin/macosx/RMacOSX-FAQ.html>

(see section 2.4.10 History)
